

YOU CAN'T BEAT THE SYSTEM

HGX SYSTEM

Emergency Lighting Unit and Remote Combinations

LED Emergency Exit Sign with Side-Mounted Lighting Heads for Low Profile Installation

The HGX system is the best possible solution to emergency lighting situations. Controlled from one central source, you can design an effective emergency system that is easy to install and maintain.

- MR16 halogen lamps provide 33% brighter illumination over comparable wattage incandescent lamps
- Remote capacity models offer an extended illumination path powered from a single centralized source
- Low 10" profile housing allows for mounting over doorways with low ceiling heights
- ENERGY STAR® compliance and advanced LED technology ensure economical operation while maintaining bright even illumination
