Limited Warranty: Central Lighting Inverters

Dual-Lite warrants to the purchaser that its products have been carefully manufactured and inspected, and are warranted to be free from defect of workmanship and materials when used as intended (fuses and lamps are excluded from all warranties). Batteries shipped as part of a **central lighting inverter system** must be installed and energized within ninety (90) days of shipment-no exclusions. The warranties are subject to proper installation and maintenance in accordance with the instructions supplied. Any abuse or misuse contrary to normal operation shall void this warranty. This warranty does not cover damages caused by installation in areas with other than normal temperatures and environmental conditions per application specifications. Dual-Lite assumes no responsibility for any damage to people, property, apparatus or otherwise resulting from improper installation or maintenance of its emergency lighting units. Warranty coverage shall not apply to any equipment of another manufacturer used in conjunction with Dual-Lite systems. Warranty does not cover damages caused by abuse, fire or acts of God. Dual-Lite's sole obligation under this limited warranty is to repair or replace any defective parts or products, at its discretion, providing such defective parts or products are brought to its attention within the specified warranty time period, and does not include any other costs such as removal of defective parts or product, installation, labor or consequential damages of any kind, the exclusive remedy being to require such new parts or products to be furnished. All other warranties, expressed or implied, including warranties of merchantability or warranties of fitness for any particular purpose we hereby disclaim.
